

Isn't this forum updating anymore?

Posted by ElimGarak - 2009/09/22 15:12

Hello!

I posted a solution and a couple of questions a few days ago but they are not displaying online yet. Is there nay problem with updating the forum, maybe? Or my messages had gone lost? Thank you!

Hello Emil,

it is updating, but messages needed to be reviewed.

This is because lots of bastard are trying to promote their services and send a tons of spam.

Thank you for your understanding.

Matto
