

live stat do not show anything in Farsi language

Posted by eghtedar - 2011/10/13 00:26

i translated joomlawatch to farsi language for iran. when i change joomlawatch language to farsi, live stat do not show anything; but in english and other language it work

I translated just frontend phrases.

file attached. <http://www.codegravity.com/images/fbfiles/files/farsi.zip>
