

pro user // com not work / mod kill my side

Posted by user2450 - 2010/03/09 05:03

hello,

my english is not the best ..

i have buy the pro version (5 min ago) .. i have install the component and this have no stats online..

when i the mods activ make ..

crash my website ..

my data / inst. Coms:

Website: <http://www.kingofcolors.de>

email: info@kingofcolors.de

Php 5.2.13

MySql 5.0.67

Joomla 1.5.15

Joomsocial 1.6.287

Mosets Tree 2.1.0

Kunena 1.5.8

webdesign data:

Web 2.0

is my server !

pls help me!

greez from germany
